IMPORTANT: There will be informational meetings for parents for each camp in late May or early June 2018 so provide any needed updates and allow you to ask questions. You are always welcome to ask a leader or parent who has attended camp in the past or email your den leader and they will put you in contact with someone who has attended the camp you have questions about. We will send out reminders and updates via email in the interim.

ALSO IMPORTANT: BOTH camps require medical forms that need to be brought to camp upon arrival. Camp Snyder forms can be filled out and signed by a parent, but there is an additional form for Goshen that requires a doctor's signature. See the website or wait for emails later this spring.
